

CALL FOR PARTICIPATION

International Symposium on Grid Computing 2008 (ISGC 2008)

7-11 April, 2008

Academia Sinica, Taipei, Taiwan

<http://event.twgrid.org/isgc2008>

We sincerely invite you to participate in the **International Symposium on Grid Computing 2008**. The symposium will be held on 7 -- 11 April in Academia Sinica Activity Center, Taipei, Taiwan.

ISGC is one of the most significant annual events in Asia Pacific that brings together scientists and engineers worldwide to exchange ideas, to present on challenges, solutions and future development issues in the field of Grid Computing. Promoting the awareness of the global Grid operation and collaboration between Asia Pacific region and the world, the Symposium offers an excellent opportunity to learn from the latest achievements in Asia, Europe and United States.

The symposium covers a variety of presentations ranging over applications on HEP, Biomedicine & Life Sciences, Earth Sciences, Humanities & Social Sciences, Grid Activities in Asia Pacific, Grid Operation & Management, Grid Middleware & Interoperability, Grid Security & Networking, Digital Library & Content Management. This year the symposium will also include EGEE tutorial, iRODS and WLCG Tier-2 workshops. By sharing experiences from a variety of Grid systems, ISGC provides the potential Grid developers and users with invaluable insights for developing Grid technology and application. We hereby sincerely invite your participation and look forward to seeing many of you in ISGC 2008!
